Office Action Summary

Art Unit: 1617

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-7, 9, 11-14, 21 are rejected under 35 U.S.C. 102(b) as being anticipated by Butterworth et al.

Butterworth et al teach a fabric softening composition comprising a Hydrophobically modified nonionic cellulose ether (Title), 10-24 carbon atoms are disclosed with Hydroxypropyl and Hydroxyethyl cellulose (column 2, lines 38-47). Water is disclosed (abstract). Emulsifiers, Germicides, soil release agents and fungicides are disclosed (column 6, lines 40-43). Viscosity modifying agents, including calcium chloride, are specified (column 6, lines 35-36).

Applicants argue that Butterworth et al does not teach the recited uses of claim 1 (b), but rather, teaches a fabric softener composition. However, Butterworth et al teaches soil release agents which read on the "cleaning" use in claim 1 (b). The Germicides and fungicides of Butterworth et al read on the "sanitizing" use of claim 1 (b).

Claim 25 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 25 "Rug and upholstery composition" is vague. What function from claim 1 (b)? Cleaning?

Art Unit: 1617

Claims 1-7, 9, 11-14, 21 rejected.

Claims 16, 18-20, 23, 24, 26, 28, 31, 33 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a):

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
